What is Zen?

It's normal to feel stressed sometimes. But long-term stress can cause physical and emotional symptoms that may become unhealthy. If you feel overwhelmed by stress, our Zen formulation will help you feel relaxed and calm. Developed with a special blend of quality natural ingredients, Zen is designed to bring you into a mental state of peace of mind being free from agitation, excitement, or disturbance without any unwanted side effects.

Zen Health & Wellness Benefits

Ashwagandha helps **stress & anxiety**

It may help reduce anxiety and stress, support restful sleep, and even improve cognitive functioning in certain populations.

Relax & sleep better with valerian root

May help promote calmness by increasing GABA availability in the body and interacting with certain receptors involved in mood and sleep.

Raw cacao improves your **mood**

May positively affect mood and depression by reducing stress levels and improving calmness, contentment and overall psychological well-being.

Red Kratom boosts **relaxation**

Eliminates jitteriness for unparalleled peace. The relaxation effect is pretty profound and lasts significantly longer.

Red Kratom remedies **insomnia**

It mediates dopamine production, which is crucial in the sleep-wake cycle. This helps maintain regular and healthy sleeping patterns.

CBD flower **relaxes & soothes**

Promotes calmness and induces sleep to lower anxiety and stress. Interacts with the brain's serotonin receptors to reduce mental and physical symptoms of anxiety.
